01 MARKET OPPORTUNITY - TAM TO ACHIEVABLE

Tamil Nadu NEET Funnel - The Numbers

Based on NEET 2025 official data (Tamil Nadu state):

Funnel Stage	Number	Rationale
Total TN Students Registered NEET 2025	1,35,715	NTA Official Data
Total Qualified in TN	76,181	~56% qualification rate
Did NOT get Govt MBBS seat (TN counselling eligible: 72,194)	60,000+	Most won't get govt seat
Facing Private/Deemed India (₹60-150L) or Abroad option	40,000-50,000	Finance-driven decision point
Realistically considering Abroad MBBS (budget + interest)	12,000-15,000	~20-25% of above segment
Digitally reachable via Meta + Google + YouTube TN	8,000-10,000	Serviceable Addressable Market
Klick Edu Achievable Leads (June-Sep, 4 months)	1,800-2,400	~20-25% SAM reach
Qualified Leads (MQL via scoring)	540-720	30% qualification rate
Hot Leads → Counselling (SQL) to sales	270-360	50% MQL to SQL

KEY INSIGHT

300 of 475 seats can be filled through Digifyce approach across all 4 colleges. 270 to 360 closures in 4 months is achievable with a structured funnel. To fill all seats, a 6-8 month runway is realistic. This 4-month sprint is a high-intensity seed campaign with compounding referral returns.

02 SITUATION ANALYSIS - WHAT'S BROKEN & WHY

Current State vs. What's Possible

Problem	Current Reality	What It Costs You
Lead Source	Meta → WhatsApp → Sales Call only	Low conversion, slow TAT, high drop-off
Website	Not built for lead capture or thought leadership	Losing high-intent organic visitors daily
Medical Expo	Delegate-driven, one-time events	Fatigue model - not scalable long-term
Top of Funnel Education	Missing entirely - no content, no free resources	Students are choosing competitors who educate them first
Lead Qualification	Manual, unstructured	Hot leads go cold; counsellors overloaded with junk

The Cost Comparison - Why Parents Choose Abroad MBBS

Route	Total Cost (6 yrs)	Internship	International Exposure
India Private/Deemed	₹60–70 Lakhs	6 months, minimal pay	None
India Management Quota	₹1.2–1.5 Crores	6 months, minimal pay	None
Tajik National Univ.	₹30 Lakhs all-in	1 year, PAID	Yes - global exposure
Andijan State Medical	₹30–32 Lakhs all-in	1 year, PAID	Yes - government ties

03 THE KCLICK EDU ADVANTAGE - MESSAGING FRAMEWORK

Unique Value Props - For Every Stakeholder

For Students (Influencers)

Value Point	Proof / Hook
Save ₹30–120L vs India options	<i>Financial math made visual - we show parents exactly what they save</i>
5 years study + 1 year PAID internship	<i>International clinical experience vs 6 months unpaid in India</i>
Earn while you study	<i>Students connect with local government & institutions</i>
Safe, structured environment	<i>Hostel + food + attendance tracked by Klick Edu directly</i>
1000s of students already there	<i>Proven peer community - not a leap of faith</i>
NMC-approved universities	<i>Eligible to practice in India after return</i>

For Parents (Decision Makers)

Parent Concern	Klick Edu Answer
Is it safe?	Klick Edu manages hostels, food, attendance - weekly reports to parents
Is the degree valid in India?	NMC & WHO recognised - doctor qualification pathway clear
Will I know how my child is doing?	Weekly disciplinary + academic reports sent directly to parents
Is the cost real?	₹30L all-inclusive vs ₹1.5 crore management quota - documented
Who supports them abroad?	Klick Edu on-ground team, not just an agent who disappears

04 DIGITAL STRATEGY - THE FULL-FUNNEL ENGINE

PROGRAMME NAME	"The MBBS Clarity Programme" - A Free Parent & Student Masterclass Series by Klick Edu Powered by Digifyce
----------------	--

The 5-Layer Funnel Architecture

Layer	Stage	Tool / Tactic	Output
1	ATTRACT - Top of Funnel	NEET Score Checker Tool + Free Study Material + Answer Key Tool	Raw Leads (Email + WhatsApp)
2	EDUCATE - Mid Funnel	'MBBS Clarity' Free Webinar (Methodology below) + Email Drip	Warm Leads with Context
3	QUALIFY - Lead Scoring	Automated lead scoring via CRM + WhatsApp qualification bot	MQL (Score 60+)
4	CONVERT - 1:1 Counselling	Free 30-min parent + student counselling call + scholarship test	SQL → Booking
5	CLOSE - Seat Confirmation	Urgency triggers + follow-up cadence + scholarship announcement	Enrolment

Initiative 1 - NEET Score Checker & Counselling Chances Tool

A free web-based tool where students enter their NEET score, category (OBC/SC/ST/General) and state. The tool instantly shows:

- Probability of getting a government MBBS seat in Tamil Nadu
- Cost estimate if going private/deemed university in India
- Comparison with Tajik / Andijan / SEU / EU - cost, exposure, timeline
- CTA: 'Check your options with a Klick Edu counsellor - Free'

CASE STUDY REF	Overseas ed consultancies using free NEET score tools (similar to IDP's IELTS band calculator) report 3–5x higher form fill rates vs plain lead gen ads - because the student gets immediate value before giving contact info.
----------------	--

Initiative 2 - 'The MBBS Clarity Programme' Webinar System

A structured, recurring free webinar - not a one-off. Runs twice a month. Each session is 60 mins with a defined methodology:

Segment	Topic	Content Hook
0–10 min	NEET Reality Check	<i>How many seats? What are the odds for TN students?</i>
10–25 min	The Cost Truth	<i>₹30L vs ₹1.5Cr - visual breakdown, real invoices if possible</i>
25–40 min	Life Abroad - What It's Actually Like	<i>Alumni testimonial (video/live), hostel tour, daily life</i>
40–50 min	The Klick Edu Difference	<i>On-ground support, parent reporting, safety, track record</i>
50–60 min	Live Q&A + Scholarship Test Info	<i>Convert warm audience to counselling booking on the spot</i>

Automation stack: Zoom/YouTube Live → Registration page → WhatsApp reminder sequence (3 touches) → Post-webinar replay + resource kit → CRM tag as 'Webinar Attendee' → Lead score +25 → Counsellor alert for 60+ scorers.

Initiative 3 - NEET Study Material & Answer Key Lead Magnet

Free downloadable resources (PDF + video) distributed via landing pages and social media. Each download requires name + WhatsApp + city. Resources include:

- NEET Biology Quick Reference (highest-demand subject in TN)
- NEET 2025 Answer Key with explanation video (released same day as exam)
- 'MBBS Abroad Guide for TN Students' - comparison PDF, parent checklist
- Scholarship exam preparation guide

GLOBAL POC

EMarketz case study: An overseas ed consultancy that added content downloads (webinars + study guides) saw 207% boost in qualified leads within 3 months. Lead quality - not just volume - improved because students who download prep material are actively in 'MBBS decision mode'.

Initiative 4 - Klick Edu Scholarship Exam

A structured, free online screening test for MBBS aspirants. Top scorers receive:

- Free first-year tuition at partner university (Tajik / Andijan / SEU / EU)
- Significant fee discount for other high scorers (₹1–2L reduction)
- Certificate of merit from Klick Edu + university

Mechanics: Register → Take 30-min MCQ test (Biology + General Aptitude) → Instant result → Top 10 names published → Webinar invitation → Counselling booking. This generates massive social sharing in Tamil Nadu student communities and parent WhatsApp groups.

Initiative 5 - Multi-Channel Paid Media

Channel	Primary Target	Content Type	Budget Share
Meta (FB + Insta)	Parents 38–55 + Students 17–22	Cost comparison ads, alumni reels, parent testimonials	40%
Google Search	High-intent ('MBBS abroad Tamil Nadu', 'cost MBBS Tajikistan')	Landing page traffic, NEET tool promotion	20%
YouTube Shorts	Students 16–24 in TN	Day-in-life reels, hostel tours, alumni stories	15%
WhatsApp Broadcast	Warm database + webinar registrants	Re-activation, scholarship exam invite, urgency close	10%
Influencer (Student)	17–22 peer influence	TN medical students currently studying abroad sharing story	15%
